

Student Financial Agreement

Acceptance of Financial Responsibility:

I acknowledge that any activity through this website indicates my agreement to conduct myself by the [Student Code of Conduct](#) including my agreement to be financially responsible to Columbus State Community College for payment of all tuition, fees, fines, and related costs on my student account by the stated payment deadline, including extended payment plan or payment deferral option deadlines. I further promise to promptly pay any fees, fines, or penalties that are added to my student account that are related to my attendance at Columbus State Community College during this period, including but not limited to registration fees, payment plan set-up fees, parking fees or fines, and late payment fees which are not eligible for deferral. As required by the Ohio Revised Code (O.R.C. 131.02), Columbus State will transfer your unpaid balance for all past semesters to the State of Ohio, Office of the Attorney General, for collection. At the time an account is referred for collection, the balance will increase due to collection, interest, and other related charges assessed by the OAG's office. Once an account is transferred to the Office of the Attorney General, payments cannot be made at the College.

Contact Information:

I agree to keep my address and contact information current by using the "User Profile" page in Self-Service or by completing the 'Student Information Update Form' available on the web, or by visiting Student Central on the upper level of Madison Hall on the Columbus Campus or visiting Student Services on the Delaware Campus. I agree to check my student e-mail regularly for important communications from the college.
