PRESIDENT'S REPORT:

Dr. M. Valeriana Moeller, president, reported on the following items:

(1) **Employee of the Month:**
Norm Jones, Teaching Assistant and Adjunct Faculty, Nursing department, and Michelle Kohar, Asset Management Specialist, IT Data Center, were selected as the Employee of the Month for December, 2008, and January, 2009 respectively.

(2) **CSCC Employees Earn MBA:**
Tracy LaMar-Nickoli, and Elissa Schneider, both CSCC employees, received their MBA degrees at the Franklin University commencement ceremony on January 4th. Dr. Moeller was the commencement speaker, and was also awarded an Honorary Doctorate of Community Leadership.

(3) **Leadership Award:**
Wayne Cocchi, director of Disability Services and Counseling Services, received the Governor’s Council on People with Disabilities Maureen Fitzgerald Leadership Award. He was also appointed to the Advisory Committee on Disability Issues for the city of Columbus by the Mayor.

(4) **Paragon Awards:**
The television spot produced by Columbus State’s Institutional Advancement department was selected at the Paragon Awards as one of the top three in the nation for a community college. The spot also won the gold award for first place at the regional level.

(5) **Enrollment:**
The president advised that the college’s winter quarter enrollment, with a headcount of 24,243, was an increase over last winter quarter of 6.94%, and was also an increase over the fall quarter of six students, setting another record. The Board was directed to review a handout which gave the comparisons for the four quarters. The FTE of 15,936.27 represents 7.69% increase over last winter quarter. Columbus State is number one in enrollment for all two-year colleges, and number three among all state colleges and universities.
(6) Handling Growth:
The president stated that, with enrollment growth, there are other challenges to overcome. Columbus State has been invited to partner with Grove City, which is in the building process, to create a facility for use to deliver educational programs from various colleges. They have also invited other institutions to participate. The college would lease space at this facility as we are now doing with Southwestern schools. The timeline is to have this completed by 2010.

(7) Delaware Campus Update:
A recent photo taken on January 13 of the construction site at the new Delaware Campus was a part of the president’s report. The president advised the Board that she has received a positive response from the Chancellor on both projects.

(8) USO:
The Chancellor sent out a memo to the college presidents and Board trustees on the budget reduction issues mentioning the various types of efficiencies to be achieved in collaborative approaches between institutions that are 5,000 students or less, as well as state-wide approaches to saving on expenditures. The Chancellor also signed an agreement for an IT licensing agreement with VMware which will save the state approximately $130 million.

(9) State Budget Implications:
The president explained that the college is primarily funded by tuition and state dollars, although some funds do come from the county and other contracts. The college has had cuts from the County and there are a number of programs that will not be continued with them. In some cases, the college has received funds from private donors to help us through this transition period. She further explained that the cuts that have occurred in FY09 from the state have been approximately $760,000 currently. Fiscal Year 10 is uncertain, however, the Governor’s state of the state will hopefully give some indication of what budget cuts are in store for the future for higher education.

(10) Federal Funding
The Board was informed that the Stimulus Funding Bill will impact community colleges in three areas: (1) maintaining college access and affordability by adding dollars to the Pell Grant by $15.6 billion; (2) Federal grants for assisting in energy sustainability and efficiency and use of new technology; (3) State relief which may contain dollars for education in the packages. How the funds will be distributed is not known at this time.

(11) Mid-year Report on Goals
The president reminded us that the Board approved goals last year that have become the college’s strategic goals and measures, and they were asked to review while she explained the Score Cards indicating the status of the college’s strategic goals.
(12) **Upcoming Events**

Dr. Moeller invited the Board to attend the upcoming events as follows:

- Speaker, Roland Martin at the CEWD on January 27th

**ELECTION OF OFFICERS FOR 2009**

She explained that she, Dr. Moeller and Trustee Mead served as committee members and that individual conversation was had with each of the Trustees regarding the experience and continuity of the Trustees, and the members that could bring that experience, which also ties into tenure.
