PRESIDENT'S REPORT:

Dr. M. Valeriana Moeller, President, reported on the following items:

(1) The Association of Collegiate Business Schools and Programs has nationally accredited the following business degree programs to 2014:

   Accounting/Finance
   Business Management
   Human Resources Management
   Marketing/Logistics
   Office Administration

(2) The Columbus Public Schools Higher Education Partnership has been awarded a Teacher Quality-Enhancement Partnership grant which was funded in full at 9 million dollars over the next four years. For us, this should mean up to $400,000 in direct student aid, which would be 40 scholarships at $2,500 per year.
(3) We have also received two foundation grants. YAATC (Youth and Adult Automotive Training Center) has received $25,000 from the Columbus-based Harry C. Moores Foundation for the automotive program. And the Trio Student Support Services project will receive $55,000 from the Texas-based Beaumont Foundation for laptop computers.

(4) Early Childhood Development Coordinator Virginia Carey was honored by Action for Children with the “Change Artist” award, described as someone who is a creative, dynamic, persistent visionary. She has worked to make system changes that positively affect young lives. Virginia has also received the Higher Education Partner Award from the Child Development Council of Franklin County for her dedication to Head Start and her invaluable support in the council’s work with children and families of central Ohio.

(5) Brad Farmer, Supervisor of Purchasing and Accounts Payable, was recently elected Vice President of the Ohio National Association of Education Buyers.

(6) Marc Johnson, an Aviation Maintenance student, received an $800 scholarship from the Central Ohio Professional Aviation Maintenance Association. His scholarship was based on academic achievement and the results of an interview with their scholarship committee.

(7) The Institutional Advancement Department has won a number of Medallion Awards from the National Council for Marketing and Public Relations. They are:

- Gold - Television Commercial Series
- Gold - College Promotional Video
- Silver - Update Newsletter
- Silver - Radio Commercial
- Bronze - Single Television Commercial

(8) A “Sister College Agreement” has been signed between Columbus State and L’Aquila University in Italy. The initial involvement will focus on programs of studies for Logistics to include tourism and environmental economy. The collaboration provides for the exchange of visiting scholars and students between the two institutions.

(9) During the 2004 Columbus International Festival held at Veterans Memorial in November, Robert Queen, Administrator for International Initiatives and Community Outreach, was recognized by the United Nations as the International Volunteer of the Year for his work as a two-term President of the International Visitors Council.

(10) Several changes in federal funding for education are being discussed: increasing funding for Pell Grants; funding for a community-based jobs initiative to meet local employment needs; and creation of a new $125 million grant program to increase community colleges’ dual-enrollment programs.

(11) We do not expect cuts in our state budget allocation for Fiscal Year 2005. Governor Taft will be presenting his proposed state budget for Fiscal Year 2006 on February 10. The capital bill has been introduced, and our request for funding for a building in Delaware is included at $19 million with an additional $1.1 million for renovations. The Ohio Board of Regents has submitted a $5.38 billion biennial budget which includes a 5.5% increase in Fiscal Year 2006, and a 6.8% increase in Fiscal Year 2007.
(12) The Ohio Association of Community Colleges is hosting a Legislative Summit for Ohio community and technical colleges on February 24, 2005. Each college is to be represented by their president, a trustee, and a student; they will spend the day meeting with their legislators. If any Board member is interested in attending, please contact the President’s Office to be registered.

(13) New hardware has been put in place in the college’s computer system. Major problems seem to be resolved. A new internal structure to maximize the use of the system is being put in place.

(14) Some months ago it was reported to the Board that Pickaway County Commissioners and Senator Carey have asked Columbus State to bring Pickaway County into our district. We are working with the Ohio Board of Regents on this request. [Board members expressed their support of this expansion as the college consistently attempts to be responsive to the needs of the community, and such an expansion to the south reinforces that our downtown campus will continue to be a viable hub of operations.]

(15) The Board Retreat will be held tomorrow, January 28, from 8:30 a.m. to 3:30 p.m. at the New Albany Country Club.

(16) Winter Quarter graduation ceremonies will be held on Friday, March 18, 2005, at 10:00 a.m. at Veterans Memorial Auditorium.

PRESENTATION:

Dr. R. Michael Snider, Provost, gave a presentation on articulation and transfer of students, referring to the movement of students and their academic credits from one educational institution to another. It covers students going from high school to college; from two-year colleges to universities, and vice versa; double-reverse transfer students who go from the two-year college to the university, and then back again; and people seeking credit for experiential learning as a basis for college or university credit.

Columbus State Community College works with Columbus Public Schools, central Ohio high schools, vocational schools, and colleges and universities throughout the state to continuously improve the transfer of students’ academic credits. There are currently more than two dozen transfer agreements in place with Ohio colleges and universities.

[Member Antonoplos left at this point in the meeting at 6:48 p.m.]
