Process for Increasing Student Success

• Commit to Improving Student Outcomes
• Use Data to Prioritize Actions
• Engage Stakeholders to Help Develop a Plan
• Implement, Evaluate, and Improve Strategies
• Establish a Culture of Continuous Improvement

Integrates with accreditation, strategic planning, annual planning and resource allocation.
Measures

- Progression through developmental coursework to college readiness
- Success in gateway courses at C or better
- Semester course completion
- Persistence: term-to-term and year-to-year
- Completion: degrees, certificates, successful transfer*

All data will be disaggregated to see gaps in performance (age, ethnicity, gender, FT/PT, campus location and learning mode, Pell status, etc.).

* Successful transfer is not an AtD performance measure.
Sample Strategies

• Developmental education initiatives
• Student success course
• New student orientation
• Instructional strategies including learning communities, supplemental instruction, active learning, innovative uses of technology
• Targeted advising, tutoring, early alert systems, peer mentoring
• Degree pathways, 2+2, and 3+1 programs
Strategic Plan

Student Success

- Social Responsibility
- Workforce
- Diversity
- Quality Workplace
- Other Goals

Next Steps

• Breathe
• Celebrate
• Complete initial AtD deliverables:
  – Appoint Leadership Team and Data Team
  – Complete Year 1 workplan
  – Submit initial data set this fall
• Advance Strategic Plan
  – Finalize Mission, Vision, Values
  – Craft goals and measures
• Communicate and engage
  – Data advocates
  – Fall In-service
