

Associate of Science Degree

The Associate of Science degree is designed to satisfy the first two years of a bachelor's degree in majors that require advanced math or science. Formal agreements have been made with colleges and universities which allow for coursework taken in the Associate of Science degree program at Columbus State to transfer and apply to a bachelor's degree.

Associate of Science Degree Graduation Requirements:

1. All students must satisfactorily complete at least 61 credit hours of approved courses, a minimum of 20 hours of which must be completed at Columbus State. Approved courses are designated below. Satisfactory completion requires a final grade of A, B, C, or D. Transfer credit may be awarded for courses in which a "C" or better has been earned at other accredited institutions, or a "D" or better from public Ohio institutions, if the course level equivalencies have been approved by the Dean of Arts and Sciences. Courses listed in the "Transfer Module" or "Transfer Assurance Guides" of an Ohio college have been pre-approved for credit toward a Columbus State degree. Credits by examination, proficiency credit, nontraditional credit, and transfer credit do not apply toward meeting residency credit hour requirements.
2. All students must attain an overall grade point average of 2.0 or better for all college level courses completed at Columbus State. Grade point averages are calculated on the following scale: A=4, B=3, C=2, D=1, E=0. Number equivalencies are not assigned for grades other than these.
3. All students must complete the following 30 hours of General Education Requirements, as well as 31 hours of additional coursework as specified on the following pages.
4. All students must file a completed "Petition to Graduate" form with Records and Registration by the published deadline date for the intended semester of graduation.

Resources for Success:

1. Arts and Sciences Advising

Union Hall, Room 048K

For walk-in hours and online appointment scheduling, visit www.csc.edu/services/advising/asadvisors.shtml.

2. Degree Audit (available through CougarWeb)

This online tool helps students monitor progress toward degree completion. The Degree Audit contains the following information: courses in progress, courses completed, courses transferred from another college, courses needed, number of credits completed, number of credits needed, and grade point average.

3. Transferology, www.transferology.com

This free, web-based resource allows transfer students to plan the best path to achieving academic and career goals based on reliable transfer information provided by participating Transferology colleges and universities. Set up a free account and find out how Columbus State courses transfer and apply to programs at select colleges and universities.

Associate of Science Degree Requirements 2017-2018

PLEASE NOTE: Students are responsible for knowing and following all prerequisites. Use the CSCC catalog to identify prerequisites for all courses. Self selection of courses or other changes to the approved degree program could adversely affect graduation, transfer to a 4-year institution and financial aid.

Ohio Transfer Module (OTM +)

The Transfer Module represents a body of knowledge and academic skills common across Ohio colleges and universities. Transfer Module approved courses are general education courses and are guaranteed to transfer and apply toward related general education subject areas at Ohio's public colleges and universities. Students completing the Associate of Arts or Associate of Science degree have also completed the Ohio Transfer Module. For more information, visit: <http://www.ohiohighered.org/transfer/transfermodule>.

Transfer Assurance Guides (TAG ^)

In addition to completing general education courses at any Ohio public college or university, students can also complete courses in their degree/major that have been pre-identified by the Ohio Board Of Regents for transfer. These courses are described in the *Transfer Assurance Guides* (TAG) for many majors/degree programs. TAG courses are guaranteed to transfer and apply directly to the major. For more information, visit: <http://www.ohiohighered.org/transfer/tag>.
