**AUTUMN 2017
RESOURCES AND
WORKSHOPS**

COLUMBUS STATE
COMMUNITY COLLEGE

Attending workshops and getting involved at Columbus State is not only beneficial to you as a student, but can provide opportunities that last long after graduation. That's why we're pleased to offer a variety of workshops and resources for you every semester. They're the kind of programs that will help you build skills that demonstrate your value to prospective employers, transfer universities and graduate schools.

We invite you to read through this booklet to find a comprehensive listing of autumn semester workshops and resources – all designed to help you make the most of your semester and beyond.

Get connected to the Columbus State Hub.

The Columbus State Hub
Experience Connections.
Explore Your Future.

Managing your co-curricular record—your activities outside the classroom—is easier than ever thanks to the Columbus State Hub. It's a web-based platform that allows you to connect with organizations, departments, and students on campus, while also keeping an online record of your involvement, academic experiences, employment history, recommendations and much more.

By developing a Hub Profile you can join a club or department's Hub page, learn all about their activities, communicate with members, and sign

up to attend campus events. The Columbus State Hub also allows you to find volunteer opportunities and track all of your service hours throughout your time at Columbus State. You can even make an e-portfolio that stays with you for life to showcase your work and involvement.

The Columbus State Hub is one more tool to make your college experience a little easier by putting all of these features in one easy-to-access place.

Visit csc.edu/hub to learn more and sign up.

Find out how you can manage your digital footprint and online profile while protecting your privacy and discover new ways to maximize your personal brand using social media in the job search.

BLUEprint: Are You “READI” for Online or Blended Classes?

Tuesday, October 3, 1 – 2 p.m.

Madison Hall 202 (Student Central)

Stacie Odhner-Sibley, CASE Advising

During this workshop students will complete the SmarterMeasure Learning Readiness Indicator assessment for online classes. The results will help them decide if online classes are the best format for them to be successful.

Discover 3D Printing

Thursday, October 26, 12 – 1 p.m.

Location: Madison Hall 202 (Student Central)

Lorien Anderson, Librarian

Participants will learn the basics of how 3D printing works and use multiple technologies to create 3D printed items. 3D printed items will be made at the Delaware campus library and made available to pick up afterward at the Columbus campus library circulation desk.

Make 3D Name Tag with Thingiverse and Tinkercad

Tuesday, November 7, 2 – 2:50 p.m.

Delaware Campus, Visit cscs.edu/hub for location details

Dana Knott, Library

Interested in 3D printing and design? During this workshop, participants will learn about 3D printing and design a name tag in Thingiverse with their Customizer app and Tinkercad, a free, browser-based software. The librarians will print out participants’ designs, which can be picked up at the Learning Center at a later date.
