**To Public Safety office:**

The above prospective Phlebotomy student has visited the Public Safety Department, Union Hall 048, with a valid ID for the purpose of undergoing a fingerprint security investigation required for registration in the Phlebotomy program. Please give this form back to the student after you have signed and fingerprinted the student.

**To the student:**

Go to the cashier's office and pay the fee for fingerprinting. Complete this form and take it and your receipt to the Public Safety Office, Union Hall 048. You will need a valid state or government photo ID for this process. After you are fingerprinted, they will date and sign this form. After this has been signed and dated, return to the office of the Phlebotomy Program Director, Union Hall 519. This must be returned to the Phlebotomy Program Director no later than 7 days prior to the first day of registration for MULT 115 so that this restriction is removed from your record. Results of the fingerprinting do not need to be received by registration time, just the actual fingerprinting.

Note: if you have been convicted of a felony, you will not be allowed to enroll in the phlebotomy program.
