This activity will help you meet the other members of your class. Remember that your classmates will be some of your greatest resources. Take the time to meet them and learn something about them. You will have ten minutes to circulate around the room to find out the answers to the following questions:

1. Write the names of two people in this class that have the same major as you.
   ___________________________  ___________________________

2. Write the names and majors of two people in this class that do not have the same major as you.
   ___________________________  ___________________________

3. Write the names of two people in this class whose major is “undecided.”
   ___________________________

4. Write the names and hometowns of three people who are not from your hometown.
   ___________________________  ___________________________
   ___________________________  ___________________________
   ___________________________  ___________________________

5. Write the names of two people in this class who do not have part-time jobs.
   ___________________________  ___________________________

6. Write the names of two people in this class that hold full-time jobs.
   ___________________________

7. Write the names of two people in this class who recently saw the same movie as you did.
   ___________________________

8. Write the names of two people who participate(d) in sports.
   ___________________________

9. Write the names of two people who play(ed) an instrument.
