SUBJECT:

Modification of Healthcare Benefits Eligibility for Domestic Partners

BACKGROUND INFORMATION:

Columbus State Community College is committed to maintaining competitiveness in the area of healthcare benefit offerings for employees. To provide equal benefit opportunities for employees with same-sex partners at a time when they did not have the right to marry, the Board of Trustees modified benefit eligibility to include domestic partners, effective July 1, 2013, for same-sex and opposite-sex partners and their dependents. On June 26, 2015, the United States Supreme Court ruled that same-sex couples may marry in any state.

Under the Supreme Court ruling, same-sex couples may marry and receive traditional healthcare benefits, and this obviates the need for employers to offer domestic partner benefit coverage. There is a significant tax burden on the employee who covers a domestic partner, and the benefit is complicated to manage for the employer. The Affordable Care Act provides an opportunity for domestic partners who choose not to marry to access healthcare through the Federal Exchange in Ohio, and domestic partners who are not College employees may obtain coverage through their own employers. Currently, there are six covered domestic partnerships (18 total covered lives) under the College's healthcare plan. Five are opposite-sex partnerships and one is a same-sex partnership.

The proposed recommendation seeks an amendment of the definition of "eligible dependent" under the College's healthcare plan that would eliminate eligibility for same-sex domestic partners, heterosexual domestic partners and the dependent children of domestic partners, effective at the start of the next open-enrollment period (July 1, 2016), and seeks authorization to continue coverage for existing domestic partners through December 31, 2016.

RECOMMENDATION:

That the Board of Trustees amend the definition of "eligible dependent" under the College's healthcare plan to eliminate eligibility for same-sex domestic partners, heterosexual domestic partners and the dependent children of domestic partners, effective at the start of the next open-enrollment period (July 1, 2016), and that the Board of Trustees authorize the continuation of coverage for existing domestic partners through December 31, 2016.

SUBJECT:

Tuition Waiver for College Credit Plus Students

BACKGROUND INFORMATION:

There are some students who attend nonpublic high schools who would otherwise be eligible to participate in College Credit Plus but, due to State budget restraints, were not awarded State funds to subsidize the college course tuition costs under the program. The College's costs for a course being offered at the high school are less than the standard rate charged by the College and the Ohio Department of Higher Education Directive 2009-011 allows for tuition rates to be waived by an institution to keep college affordable and enhance the quality of the educational experience.

As a measure that advances Columbus State's commitment to making college as affordable as possible, the College seeks to provide the same rates of tuition for unsubsidized non-public school College Credit Plus students as the rates for other College Credit Plus students. The amount of the waiver is equal to the difference between the in-state tuition rate of \$135.93 per credit amount for the College and the tuition rates outlined below:

| | 2015-2016 academic year | 2016-2017 academic year |
|--------------------------------|-----------------------------|-----------------------------|
| Students taking courses on | \$81.62 | \$83.00 |
| their high school campus | (Waiver amount = $$54.31$) | (Waiver amount $=$ \$52.93) |
| that are taught by Columbus | | |
| State Community College | | |
| faculty | | |
| Students taking courses on | \$40.81 | \$41.50 |
| their high school campus | (Waiver amount $=$ \$95.12) | (Waiver amount $=$ \$94.43) |
| that are taught by a qualified | | |
| teacher-adjunct | | |

A tuition waiver is unnecessary for home school and nonpublic students who are not awarded State funds for College Credit Plus courses taken on campus or on-line because they will be charged Columbus State's standard in-state tuition rate of \$135.93 per credit hour.

RECOMMENDATION:

That the Board of Trustees approves for academic years 2015-16 and 2016-17 tuition rates as outlined above for all College Credit Plus students, and authorizes a tuition waiver necessary to implement this rate schedule for nonpublic school students, pending approval by the Chancellor of the Ohio Department of Education.

SUBJECT:

Construction Contract Awards: Elevator Modernization and Jefferson/Grove Repaving

BACKGROUND INFORMATION:

State law requires the Board of Trustees to authorize the award of construction contracts that exceed \$200,000.

The Elevator Modernization Project will update controls on elevators in five campus buildings (Nestor Hall - 1992, Columbus Hall - 1973, Eibling Hall - 1968, Delaware Hall - 1976 and the Parking Garage - 1997). The updates will significantly improve the reliability of the elevators' operation and reduce risk and liability to the college. The work will start in May 2016 and will continue into the summer of 2017. The total project budget is \$1,156,000 and will be funded by state capital funds appropriated for the FY15-16 biennium.

Jefferson Avenue north of Spring Street to Grove Street and continuing west on Grove Street to Cleveland Avenue is owned and maintained by Columbus State Community College. Severe temperatures of the two winters preceding this winter accelerated the deterioration of pavement to the point that constant and expensive maintenance is required. The repaving project will remove existing pavement, repair the base, repave the roads, install new approaches meeting ADA requirements and add sidewalk from Spring Street to connect to the existing sidewalk, making the entire road between Spring Street and Cleveland Avenue pedestrian-friendly. Construction will begin in May 2016 and be completed in August 2016 prior to the start of Fall Semester. The total project budget is \$650,000 and will be funded with local funds.

Using the statutorily-required bidding process for construction contracts, the lowest responsive and responsible bidders are Fujitec America Inc. for elevator modernization project and Strawser Paving for the Jefferson/Grove repaving project.

RECOMMENDATION:

That the Board of Trustees authorizes the College to enter into the following contracts with the lowest responsive and responsible bidder:

| Project | <u>Company</u> | <u>Amount</u> |
|--------------------------|----------------------|---------------|
| Elevator Modernization | Fujitec America Inc. | \$966,987 |
| Jefferson Grove Repaving | Strawser Paving | \$490,911 |

Financial Statements as of, and for the eight months ended February 29, 2016.

BACKGROUND INFORMATION:

Columbus State Community College policy requires that monthly the President provide each Board of Trustees member a copy of the college's financial statements.

RECOMMENDATION:

That the financial statements as of and for the eight months ended, February 29, 2016, be accepted as presented.

SUBJECT:

Financial Statements as of February 29, 2016

Attached are the financial statements of the Columbus State Community College District, the Foundation, and the President's Discretionary Fund for the period ended February 29, 2016.

1. General Fund (Exhibit B)

Revenues. In the Revised Budget, authorized by the Board at its January meeting, State subsidy and tuition were updated, the latter using best Autumn 2015 and Spring 2016 enrollment information available at the time.

In the Revised FY16 budget, we assumed an enrollment increase of 1.5% for Spring 2016 over Spring 2015. By the start of Spring semester (January 19, 2016), the registrations of *College Credit Plus* students resulted in enrollment being 6.2% higher than Spring 2015. The updated enrollment numbers are reflected in the FY16 Projected Year End column (Column G, Row 4). Summer 2016 is still assumed to be flat to Summer 2015 as it is still too early to project Summer 2016 registrations.

| | | | Budget to | | | |
|---------------|--------------|---------------|-----------|------------|--------------|----------|
| | | | Actual | | | (#)(%) |
| | Budgeted | Actual | Increase/ | Prior Year | Current Year | % |
| Term | Credit Hours | Credit Hours* | Decrease | FTEs | FTEs* | Variance |
| Summer 2015** | 42,690 | 40,978 | -4.0% | 7,502 | 5,939 | -20.8% |
| Autumn 2015 | 203,685 | 218,055 | 7.1% | 14,134 | 14,537 | 2.8% |
| Spring 2016 | 190,459 | 210,835 | 10.7% | 13,239 | 14,056 | 6.2% |
| Summer 2016 | 50,114 | - | | | | |

^{*} Summer 2015 and Autumn 2015 terms represent official Census Day figures from the Ohio Department of Higher Education. Spring 2016 represents a *preliminary* estimate defined historically as the preliminary Census day enrollment. Given changes in the deregistration process for non-payment, currently as a pilot, and the new deferred payment plan, the credit hours and FTEs for Spring 2016 are projected, not the preliminary Census day numbers used historically.

^{**} Summer semester 2015 straddles both FY15 and FY16, with 46% of the revenue attributed to FY16.

Dr. David T. Harrison, President | Page Two March 17, 2016

Expenses. Year-to-date expenditures through February are approximately 1.4% lower than the same period last year, primarily due to lower-than-budgeted enrollment in Summer term that required lower enrollment-related instructional expenses. FY16 Projected Year End spending (column G, row 22) has been reduced by about \$1.9 million, or 1.35%, from the Revised Budget (column A, row 22) based on updated spending projections. Currently Summer term registrations are trending lower than last Summer, but it is early in the process. Net operating income could range between \$2.5 million and \$6.2 million depending on Summer enrollment and the rate of spending over the last months of the year.

2. **Auxiliary Fund** (Exhibit D)

The Bookstore revenues through February are approximately \$148,000 or 1.4% lower than the same period last year due to textbook affordability initiatives and the fact that Columbus State subsidized textbooks this academic year for *College Credit Plus* Students. Expenditures are nearly flat to last year.

3. President's Discretionary Fund (Exhibit F)

To-date disbursements of \$1,684 left a balance of \$18,316 for February in this Fund.

4. Foundation (Exhibits G and H)

Foundation contributions through February are approximately \$13,000 lower compared to the same period last year. Management and General expenses are higher due primarily to personnel costs shifted from College auxiliary funds to administrative fees allowed by grants, and for higher expenses related to fundraising and recognition events. Net investment activity continues to decrease, decreasing \$39,937 from last month, and \$458,012 from February of last year for two reasons: continued swings in the market and the repositioning of the Foundation portfolio by investment advisors newly appointed in July 2015. The Foundation Investment Committee continues to work closely with the new investment advisors during this transition.

5. Investments

The College's portfolio is invested consistent with its investment policy, with 38.28% currently invested in STAR Ohio, STAR Plus, and other money markets, with the balance in various federal agencies, municipal bonds, and treasury notes.

2) <u>Inventories</u>

Bookstore inventories at year-end are stated at actual cost. At or near year-end a complete physical inventory is taken and adjustments, if any, are recorded.

3) Plant Funds

Physical plant and equipment are stated at cost at date of acquisition or fair value at date of donation in case of gifts. Depreciation of physical plant and equipment is recorded.

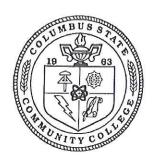

4) Long-term debt

Outstanding long-term debt consists of bonds payable in annual installments varying from \$800,000 to \$920,000 with interest at rates varying from 1.65% to 4.25%, the final installment being due in 2023, collateralized by a gross pledge basis, of the general receipts of the college, which include the full of every type and character of receipts, excepting only those specifically excluded which are primarily those that are appropriated from the State of Ohio.

Debt service for this long-term debt is paid from an annual allocation in the College's Operating fund, the Auxiliary Services fund, and from the State's Capital Component Program.

5) Interfund Accounts

All interfund borrowings have been made from current funds and amounts are due currently without interest.
