The office of the Senior Vice-President for Business and Administrative Services is responsible for establishing, communicating, and overseeing a structure and process for the development, maintenance, and implementation of the college’s sustainability program.

Appropriate committees will be chartered as necessary to complete the work.

The college shall purchase Energy Star certified products in all areas for which such ratings exist.

Engine powered vehicles shall use the latest commonly-available technology for minimizing the environmental impact of powered vehicles.

Except in the most extenuating circumstance, documents shall be printed or copied using two-sided printing or copying technology.

Last Effective Date: New Procedure
