

GENERAL INSTRUCTIONAL METHODS

Consists of lecture, discussion, demonstrations, overhead projections, PowerPoint presentations, videos, lab work, and homework. **If assistance is needed, ask your instructor.**

ASSESSMENT

Columbus State Community College is committed to assessment (measurement) of student achievement of academic outcomes. This process addresses the issues of what you need to learn in your program of study and if you are learning what you need to learn. The assessment program at Columbus State has four specific and interrelated purposes: (1) to improve student academic achievements; (2) to improve teaching strategies; (3) to document successes and identify opportunities for program improvement; (4) to provide evidence for institutional effectiveness. In class you are assessed and graded on your achievement of the outcomes for this course. You may also be required to participate in broader assessment activities.

STANDARDS AND METHODS FOR EVALUATION

In class you are assessed and graded on your achievement of the outcomes for this course. Lab grade evaluation is based primarily upon successful completion of the project(s) to a minimum standard established within the approved curriculum by the Federal Aviation Administration and attested to upon the basis of the required experience of the instructor. The student should feel free to ask the instructor when help is needed. **There may be times when the student will have to come in before or after normal lab hours to complete some projects.**

GRADING SCALE

93 - 100	A	4 pts
85 - 92	B	3 pts
75 - 84	C	2 pts
70 - 74	D	1 pt
Below 70	E	0 pts
	I	Incomplete
