

Scholarships Exclusive to Students in Design, Construction & Trades Programs

I want to make you aware that the application portal for scholarships is open. Please take advantage of this opportunity.

www.csc.c.edu/scholarships

In addition to the general scholarships available to all CSCC students through our Development Foundation, below is a list of those exclusively for students enrolled in Design, Construction & Trades plans of study.

Every semester, far too many of these are never awarded simply because no one bothered to apply. Why wouldn't you? Please don't leave money on the table!!! **Apply!!!**

Be mindful there are submission date deadlines so be sure you get your applications in early.

Please, apply this semester and EVERY semester!! Help show our donors how important their financial support is.

Thank you!!

Doug House

Chairperson – Design, Construction & Trades Department
