

COLUMBUS STATE

COMMUNITY COLLEGE

Medical Imaging Program Observation Paperwork QR Code Clinical Sites Only

Please use this QR Code to report electronically the hours and observation of the applicants for the Medical Imaging Program at Columbus State Community College.

We would prefer your observation be documented as soon as possible so when the student asks, we can verify the observation documentation has been received.

The Medical Imaging Program requires 8 hours of observation. We would prefer the student to see as many aspects of Radiology as possible. (large hospitals, small hospitals, ambulatory patients, CT, MR, Cardiac, Vascular, fluoroscopy)

Thank you for reporting the observation and working with the Medical Imaging Program applicants!
