LSAMP PROGRAMMING

Each Alliance partner provides campus-based programming for its LSAMP Scholars:

- Bridge or early arrival program for entering first-year underrepresented students that focuses on social integration and academic enrichment activities in STEM fields
- Faculty-mentored undergraduate research
- Academic and retention advisement to integrate LSAMP Scholars into the university community and address academic, personal, social, financial, emotional, developmental, cultural, and ethnic issues that may affect the academic performance and retention of underrepresented students in STEM
- Peer mentoring for freshmen and sophomore LSAMP Scholars
- Tutoring or supplemental instruction, including cohort classes and service learning opportunities

Alliance-wide collaborations leverage expertise and resources across member institutions:

- Articulation agreements and credit transfers
- The Ohio LSAMP Alliance Conference
- Innovative curricular reforms in mathematics
- Cyber-enabled sharing of courses and workshops
- Alliance web site, brochures, and other resources
- "Mentoring and Diversity" handbook and diversity training
