Technology and Facilities Fees

The Technology and Facilities Fees will be applied during autumn and spring semesters at the time of registration and is based on the number of credit hours registered. This fee is used to maintain technology infrastructure, to expand technology-enhanced learning and student services, and to modernize outdated facilities. Fees will be adjusted when courses are added or dropped in accordance with the fee schedule below and in accordance with the College's withdrawal and refund guidelines. Below is the Technology and Facilities fee structure:

Tier	Credit Load (Hours)	Fee Amount per Student
1	1-3	\$0
2	4-9	\$60
3	10-14	\$120
4	15+	\$0

Online Course Fee

The Online Course fee is assessed at \$10 per credit hour for online and blended courses. This fee is used to support the broad infrastructure needs essential to online instruction and technology-enhanced mixed-mode courses and programs, and to provide related online student support services. Fees will be adjusted when courses are added or dropped in accordance with the College's withdrawal and refund guidelines.

Additional notes about fees:

Please note that lab fees and book costs do change periodically. To the best of our ability, these costs are approximate and may not include any additional expenditures you may encounter while enrolled in the Veterinary Technology Program.

Some fees may include cost of completing Health Records required for Clinical Internship. (Health Records may cost from \$400-\$600, at the minimum.) You will also be required to have Health Insurance while enrolled in the program. (This cost cannot be calculated.)

Students will be required to complete the VTNE (Veterinary Technology National Exam) and this cost may exceed \$370.

Expected monies that will be required to register with OVMLB and pay for licensing: \$100 (After graduation and passage of the VTNE.) Must be paid every two years.

Students will be required to complete Continuing Education on the Biennium date of March 1.
