

**SPRING
2023**

In-Person, Web, and Blended Courses
Understanding Course Modalities and How to Recognize Them

COURSE TYPE	HOW WILL I COMPLETE THE COURSE?	HOW ARE ASSESSMENTS (TESTS) CONDUCTED?	WILL I HAVE TO COME TO CAMPUS?	HOW DO I FIND THIS KIND OF CLASS ON THE COURSE SCHEDULE?
IN PERSON Example: BIO-2300-001	Regularly come to class on campus and complete assignments in and outside of class.	Assessments will be given during class on campus.	Yes! All of your lectures and/or labs will be on campus.	Section # WILL NOT include a W (Web), L (Live Online), or B (Blended). Will have days and times listed.
WEB Online Technology (OT) Example: ENGL-1100-W01	Your instructor will provide online course content via Blackboard and the Web, and there will be set due dates for assignments.*	Assessments must be completed by set due dates and will be online. These may require proctoring software.*	No. Your coursework and assessments will be completely online.	Section # will include a W. Instructional Method column will include Online Technology (OT) and WILL NOT include On-Campus Assessments (OA), or Virtual Assessments (VA). No days or times listed.
WEB Online Technology (OT) with Scheduled Assessments Example 1: COMM-1105-W05 Virtual Assessments Example 2: ACCT-2299-W01 On Campus Assessments	Your instructor will provide online course content via Blackboard and the Web, and there will be set due dates for assignments.*	Assessments will be held at scheduled times on campus (OA) and/or virtually (VA). Virtual Assessments may require proctoring software.*	If your section has On-Campus Assessments you will come to campus for tests. If you live outside the region, you may request to use a local testing center or (depending on the class) a virtual assessment.	Section # will include a W. Instructional Method column will include Online Technology (OT) and On-Campus Assessments (OA) and/or Virtual Assessments (VA).
WEB Online Technology (OT) Plus Periodic Live Online Classes MATH-1123-W02L-68980 On Campus Assessments	Your instructor will provide course content via Blackboard and the Web, and there will be set due dates for assignments. You will also attend periodic virtual class meetings.*	Assessments will be held at scheduled times on campus (OA) and/or virtually (VA). Virtual Assessments may require proctoring software.*	If your section has On-Campus Assessments you will come to campus for tests. If you live outside the region, you may request to use a local testing center or (depending on the class) a virtual assessment.	Section # will include a W and an L. Instructional Method column will include Online Technology (OT) and Live Online (LO), and might include On-Campus Assessments (OA) and/or Virtual Assessments (VA).
WEB Live Online (LO) Example: BIO-0100-W03L	Attend online class meetings through Blackboard, Teams, or Zoom, and complete assignments outside of class.*	Assessments will be online during scheduled class time or by an assigned due date, and may be conducted using proctoring software.*	No. Your coursework and assessments will be completely online.	Section # will include a W and an L. Instructional Method column will include Live Online (LO). Will have days and times listed.
BLENDED Online Technology (OT) and In Person Example: ART-1206-B01	Complete 50% or more of the course content through assignments posted on Blackboard or the Web.* Attend on-campus class meetings. Complete online coursework by set due dates.*	Assessments held during scheduled class meetings or completed online by a due date. Virtual Assessments may require proctoring software.*	Yes. You will have to come to campus for scheduled in-person classes as listed in the section listing.	Section # will include a B. Will have days and times listed.
BLENDED Online Technology (OT), Live Online (LO), and In Person Example: MKTG-1100-B02L	Complete most course content at virtual class meetings or on Blackboard by assigned due dates.* Attend in-person labs or clinicals.	Assessments held during scheduled class meetings or completed online by assigned due date. Virtual Assessments may require proctoring software.*	Yes. You will have to come to campus for scheduled in-person classes as listed in the section listing.	Section # will include a B and an L. Will have days and times listed for live online and on campus classes.

***Technology Requirements:** To participate in a course with an online component, you will need access to a computer/laptop with a camera and the internet, as well as some basic computer knowledge.
