

Massage Therapy Entrepreneurship Associate of Technical Studies (A.T.S.)

2018–2019

DESCRIPTION:

The Massage Therapy Entrepreneurship A.T.S. degree program prepares students for careers in the massage therapy field, including health and fitness environments, salon and day spas, medical offices, private practices, and many other areas of opportunity. Successful completion of the Massage Therapy program meets all requirements for graduates to sit for the Massage and Bodywork Licensing Examination (MBLEX) for massage therapy given by the Federation of State Massage Therapy Boards (FSMTB). A passing score on the MBLEX allows the graduate to apply for a license to practice massage therapy in Ohio via the State Medical Board of Ohio (SMBO). In Ohio, licensure from the SMBO is required for massage therapy employment. For more information, see csc.edu/mt.

ADMISSION REQUIREMENTS:

Students must have a high school diploma or GED equivalency. Students must place into ENGL 1100 and MATH 1104 and must take the College Science Placement test. Students must complete a drug screen and background check. In addition, students must attend an information session for the Massage Therapy program. Students are also required to meet with a Massage Therapy program academic or faculty advisor to complete the program enrollment process.

ONGOING REQUIREMENTS:

Students are encouraged to verify financial aid summer term eligibility. Students must maintain the minimum college GPA.

CAREER OPPORTUNITIES FOR GRADUATES:

Massage therapists work in an array of settings, such as spas, franchised clinics, physicians' offices, hospitals, hotels, private practice, and fitness centers. Some massage therapists also travel to clients' homes or offices to give a massage.

DEGREE REQUIREMENTS (MASSAGE THERAPY ENTREPRENEURSHIP A.T.S.):

FIRST SEMESTER Courses	Term	Credits	Milestones/Progress Check
BIO 1107 Human Biology	AU/SP/SU	4
