

Maintenance & Light Repair (MLR) Certificate

2018–2019

DESCRIPTION:

The Maintenance and Light Repair Certificate can be completed in six to nine months and gives students the knowledge and skills necessary to enter the automotive repair industry quickly. For more information, see csc.edu/academics/departments/automotive-technology.

ADMISSION REQUIREMENTS:

This is a non-selective, open-admission program.

ONGOING REQUIREMENTS:

Students must maintain the minimum GPA required by the College.

OPPORTUNITIES FOR GRADUATES:

Career:

The MLR Certificate is your fast track to success. Depending on your skills, you could be certified and working as an entry-level technician in 6 to 12 months. Developed at the request of national dealer groups to meet their shortage of properly trained maintenance and light repair technicians, this program is the quickest way to employment in the automotive field. Graduates can apply for a wide variety of job opportunities in new car dealerships, independent repair shops, franchise repair shops, and fleet repair facilities. Courses are designed to help students prepare for Automotive Service Excellence (ASE) certification examinations G1 A4, A5, and A6.

Transfer:

Students who earn the MLR Certificate can apply up to 22 college credits towards our Automotive Associate Degree Programs.
