

Sport and Exercise Studies: Recreation and Leisure Studies Associate of Applied Science (A.A.S.)

2018–2019

DESCRIPTION:

The Recreation and Leisure Studies A.A.S. degree is designed to prepare students for increasing career opportunities in sport and leisure services. This degree program offers a series of courses and experiences in both online and traditional formats to successfully assist students who wish to find careers in training, leadership, supervisory, and management positions in the sport and leisure industry. This degree prepares students to deliver recreation and leisure services in a diverse society. For further information please visit <https://www.csc.edu/academics/departments/sport-exercise-studies/> or email sesinfo@csc.edu to schedule an appointment within the Sport & Exercise Studies program. For more information, see [csc.edu/academics/departments/sport-exercise-studies](https://www.csc.edu/academics/departments/sport-exercise-studies).

ADMISSION REQUIREMENTS:

This is a non-selective, open-admission program. Applicants must have a high school diploma or GED equivalency and complete the Columbus State enrollment process.

ONGOING REQUIREMENTS:

Each semester students must schedule an appointment within the Sport and Exercise Studies program to review their degree completion plan and schedule upcoming semester courses. Students must maintain minimum overall GPA required by the College.

OPPORTUNITIES FOR GRADUATES:

Career:

Professionals in Recreation and Leisure are skilled at planning, budgeting, organization, and promotion in a variety of recreation and leisure settings. Graduates can pursue careers with professional and amateur sport teams, community programs, sports marketing, and commercial fitness programs.

Transfer:

Students may use this degree to transfer to many four year institutions. Both formal and informal transfers are available for institutions in Ohio and nationally. Contact the Sport & Exercise Studies Program for detailed information and the most current list of transfer options.
