Notes about the BS Degree, Sign Language Interpreting

- **STAT 1350** – Students should complete STAT 1350 for the CSCC AAS degree. This course should automatically apply to the AAS degree program. If not or if students have questions about this requirement, they may contact their advisor through this link: <https://www.csc.edu/services/advising/directory/iep.shtml>

- **Required coursework to enter the major:** Students must have graduated with the AAS Interpreter Education Program degree with an overall GPA of 2.35 or higher to be admitted fully as a major at Wright State. **Students should apply one semester prior to completing their CSCC degree to Wright State University** (priority application deadlines: April 1 for Fall; October 15 for Spring; and February 1 for summer).
- To graduate from Wright State, students must complete a minimum of 128-132 credit hours.
- **Wright State General Education:** The majority of courses required for the general education requirement for Wright State (the Wright State Core) will be met by course work completed as directed within the AAS Interpreter Education Program degree. If this course work is not completed at CSCC, students will need to complete whatever course work not completed at CSCC in addition to the course work outlined for the general education requirement in the plan above at Wright State.
- This degree is primarily offered only on Wright State's campus in Dayton, Ohio. Some individual courses may be offered online, but the entire program is not available online. Courses are only offered on a two-year rotating basis. When a student begins in the autumn semester of an even or odd year will determine their plan of study for completion above.
