

Preparing the next generation of Electro-Mechanical technicians. ▶

Modern Manufacturing at Columbus State

COLUMBUS STATE

MODERN MANUFACTURING
WORK STUDY

Join the high-demand, high-paying field of Modern Manufacturing ►

Electro-mechanical support technicians provide design support and maintenance for robotic, electrical, mechanical and other advanced systems. And demand for these skills is at an all-time high in virtually every industry.

Launch your career through Columbus State's Modern Manufacturing Work Study program:

- ▶ Earn while you learn through Work Study.
- ▶ Learn in the classroom, in the lab, and on the job.
- ▶ Prepare for immediate employment upon graduation.
- ▶ Low tuition + Work Study income = Less student debt!
