Tuberculosis Testing

Name: _____

Tuberculosis Testing

Two-Step Mantoux (intradermal) is required. This involves two Tb Mantoux tests at least 7 days apart and within the last year. Two or three days after each Tb test is given it must be read by the physician, nurse, or physician's assistant. Tb tine tests are not acceptable per state regulations. Two Mantoux tests within the past year can be substituted per state regulations. <u>If the student recently received an MMR or varicella vaccine, the tuberculosis test must be postponed until at least four to six weeks after the MMR.</u>

INSTRUCTIONS FOR COMPLETION OF HEALTH RECORD

Please read and follow all instructions on the following pages, so we can process your records quickly and accurately. If you do not follow instructions or submit **complete information**, processing of your health record may be delayed, which will delay your ability to register into your clinical courses. ***All information must be complete before uploading into Immuware (Instructions on following 2 pages).***

If you are providing photos, please ensure the photos are light and clear and display all 4 corners; no other objects are to be present in your photo other than your documents.

The health history and physical must be on CSCC forms. If you have had a physical examination within the past year, it must be transcribed on CSCC Physical form by the physician, physician assistant, or nurse practitioner.

It is your responsibility, not your physician's, to ensure all health requirements have been completed and documentation of all items uploaded into Immuware.

Records will not be reviewed until all health requirements for your program have been uploaded. Records are processed in the order they are received. Completed health records received by the deadline are processed by the first day of registration. Completed health records received after the deadline may take up to 10 business days to process. **QUESTIONS?? Call 614-287-2450**
